IFRA Certificate

IFRA 51 Conformity Certificate

Product: Vanilla Hazelnut Fragrance Oil

This Certificate assesses the conformity of the fragrance mixture with IFRA Standards and provides restrictions for use as necessary. It is based only on those materials subject to IFRA Standards for the toxicity endpoints described in each Standard. This Certificate does therefore not replace a comprehensive safety assessment of the fragrance mixture.

COMPULSORY INFORMATION:

We certify that the above fragrance is in compliance with the Standards of the INTERNATIONAL FRAGRANCE ASSOCIATION (IFRA), up to and including the 51st Amendment to the IFRA Code of Practice (published June 2023), provided the final product is used in the following categories at a maximum concentration level. These limits may not be valid if our fragrance oil is used in conjunction with other materials that also contain these restricted substances. The total concentrations in the final product of all restricted substances should be taken into account when determining the maximum concentration permitted by IFRA.

Application	Maximum Usage Level
Category 1: Products applied to the lips: Lip products e.g. lipstick, lip balm; Children's toys	0%

Please note that in some cases a fragrance oil can be banned only in categories 1 and 6 while it is limited or free of use in other categories. This is due to the presence of one or several ingredients that are not Generally Recognized As Safe (GRAS). Peroxide levels are in compliance with IFRA and EU requirements.

Some materials have been identified as having a potential for forming nitrosamines in nitrosating systems. We are notifying you of the presence of any of these in order to ensure that it is not used in conjunction with agents that could lead to the formation of a nitrosamine.
